

DRIVEN BY POSSIBILITY™

BELT-IN-OIL KITS

GATES NEW BELT-IN-OIL BELT DESIGN

Gates range of Belt-in-Oil belts for the aftermarket is manufactured to an enhanced technology and quality standards compared to the belt-in-oil range for original equipment (OE) installation.

Experience an upcoming enhancement in the performance and visual appeal of our parts with a running change, offering OE-level improvements on both belt and metal components.

The white teeth of OE belts turn black with the Gates solution.

FEATURES + BENEFITS

- **Application-specific design** ensures an easy fit and installation
- Designed with **high-quality materials** for long service life
- **Lower running weight** over pulleys versus chain
- **Lower elongation** over life versus chain
- Greater layout **design flexibility** versus chain

NEW COMPONENTS BETTER PERFORMANCE

Each box of Gates Belt-in-Oil Kits in addition to the timing belt and metals includes additional components such as bolts, seals, and gaskets. These are the parts deemed essential by OE manufacturers for comprehensive system replacement procedures.

Opting for a full kit rather than individual parts ensures seamless compatibility and comprehensive coverage, streamlining installation and enhancing overall performance.

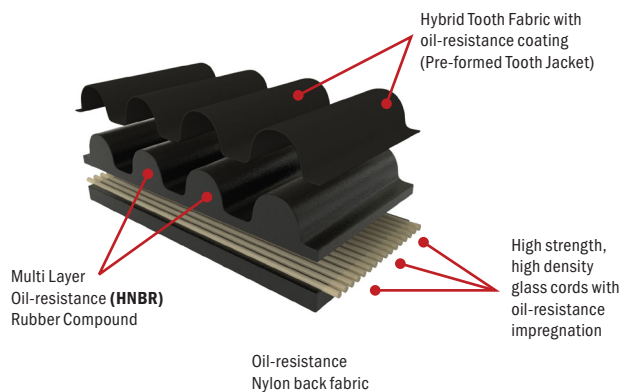

WHY IS GATES OFFERING NEW COMPONENTS?

- Exhibits an extended lifespan surpassing that of the OE solution
- Ensures enhanced product stability throughout its life within an oil-immersed environment
- Developed leveraging Gates' extensive experience in Wet Timing drives across Automotive and Industrial markets

WHY BELT-IN-OIL KITS?

- Enhanced durability against wear and chemical exposure
- Extended Timing kits components solution
- Optimizes maintenance while opening the engine block
- Addresses critical aging components during maintenance

These advantages collectively contribute to a dynamic lifetime **improvement of over 30%** and a **superior performance** in minimizing belt width swelling.

WHY GATES:

- Backed by 100 years of innovation
- Industry-leading cataloging and product coverage
- Global product availability
- Comprehensive training programs
- Dedicated sales force
- Extensive programs and promotions
